

## Gramática · Repaso

### Verbos que se conjugan como *gustar*

You already know several verbs that always use the indirect object pronouns *me, te, le, nos, os, les*:

**encantar**      *to love*

**importar**      *to matter*

**gustar**      *to like*

**interesar**      *to be interested in*

These verbs all use the same construction: indirect object pronoun + verb + subject.

**Me gusta el fútbol.**

**¿Te interesan las pinturas?**

Remember, in the sentences above, the verb forms *gusta* (singular) and *interesan* (plural) agree with the subjects *fútbol* and *pinturas*. The words *me* and *te* are indirect object pronouns.
